

# Customising Your Fixed Rate Account

With our Customised Fixed Rate Business Savings Account, you can save on your terms – maximise the return on your savings with a fixed rate of interest until the exact date that you want your money back. It's easy to customise your account, simply follow the instructions shown below.

## Selecting your maturity date

To select your maturity date, simply move the left Maturity Date dial in a clockwise direction. You can complete as many full revolutions of the dial that you need to reach your required maturity date. If you reach the maximum term available, the date in the centre of the dial will stop increasing. Alternatively, you can click on the calendar at the centre of the dial to select the date.

Whether you use the dial or the calendar, when you select your chosen date the Interest Rate dial will show you the best rate available to the date that you've selected.

## Selecting an interest rate

If you prefer, you can select an interest rate and see the maturity date that will apply. Simply move the darker grey bar on the Interest Rate dial in a clockwise direction to select the rate. Again you can complete as many full revolutions of the dial that you need to find the rate that you require. If you reach the maximum rate available, the rate in the centre of the dial will stop increasing.

The Maturity Date dial will then show the earliest available maturity date for the rate you have selected.

The Maturity Date and Interest Rate dials have been designed to work with a range of recent browsers, which include **Internet Explorer 9 & 10**, **Firefox version 21.0** onwards, **Chrome 30** and **Safari 5.1 & 6** for Mac. However there are other browsers available and we cannot ensure that all are compatible.

If you'd like to customise an account, but cannot select the maturity date or rate you require online, then please call our UK-based call centre on **01733 821 321**. We are able to open accounts over the phone and would be happy to help.

\*We are open 8.00am – 6.00pm, Monday to Friday, excluding Bank Holidays. Calls may be recorded for training and monitoring purposes. The term and rate shown in the above are for illustrative purposes only and do not reflect the rates currently available.
